Office of Initial Patent Examination Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Dear Sir:

In response to Request for Corrected Filing Receipt mailed November 17, 2003 (copy attached), please note that continuity claimed under 35 U.S.C. § 120 was indeed provided on the first page of the specification (copy attached), and was listed on page 2 of 4 of the Declaration, Petition and Power of Attorney form as filed with this patent application on June 20, 2003 (copy attached). Accordingly, Applicant's request that a corrected Filing Receipt be issued to include the Domestic Priority data --09/441,403 11/16/99-- as claimed by applicant and as evidenced by the attachments. A copy of the Request for Correction to Filing Receipt which Applicants filed on October 22, 2003 is attached herewith. For your information, please be aware that the serial number identified on the Notice mailed November 17, 2003 is incorrect. The correct serial number is 09/441,403, not 09/411,403.

Respectfully submitted,

David M. Mello, Reg. No. 43,799 McDERMOTT, WILL & EMERY

RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Domestic Continuity and Foreign Priority

In response to your request for a corrected Filing Receipt, the Office is unable to comply with the request

because: The priority or continuity claim has not been entered because it was not filed during the required time period. Applicant may wish to consider filing a petition to accept an unintentionally delayed claim for priority. See 37 CFR 1.55 or 1.78. Continuity claimed under 35 U.S.C. § 120 cannot be added to the Filing Receipt without the applicant 凶 supplying the relationship (continuation, divisional, or continuation-in-part) in an Application Data Sheet or amendment to the first page of the specification. 09/411, 403A claim for priority cannot be made based on an application filed after the application making the claim. Domestic benefit and foreign priority claims will not be captured in a provisional application. A provisional application is not entitled to a right of priority or to the benefit of an earlier filing date of any other application. See 35 U.S.C. § 111(b)(7) and 37 CFR 1.53(c)(4). A domestic continuity claim cannot be made to a foreign application and the filing receipt will only list the foreign country, application number, and filing date. Foreign priority will appear on the Filing Receipt in the following order: Country, Application number. Filing date. This application is the result of a conversion from a provisional application. Priority based on such application cannot be made since it no longer exists as a provisional application.

The application(s) to which priority is claimed were filed over a year prior to the filing date of this

Page 2 of 2

| • | application. Therefore, the referenced application(s) cannot be claimed as domestic or foreign priority |
|-------------|---|
| | To change the benefit claim of a U.S. prior-filed application, applicant must amend the first sentence of the specification (if the benefit claim is referenced in the specification), or provide a supplemental application data sheet (ADS) (if the benefit claim was submitted in an ADS), with the desired benefit claim. Note that once a benefit claim is deleted, applicant will not be able to claim such prior-filed application again, if the above-identified application was filed on or after November 29, 2000. |
| ! ! | To change a foreign priority claim, applicant must submit a supplemental oath or declaration (if the priority claim is referenced in the oath or declaration), or a supplemental application data sheet (ADS) (if the priority claim was submitted in an ADS), with the desired priority claim. If a supplemental ADS is submitted, any deletions should be shown with strikeouts. Note that once a priority claim is deleted, applicant will not be able to claim such foreign application again, if the above-identified application was filed on or after November 29, 2000. |

SECURE DETECTION NETWORK SYSTEM

Cross References to Related Applications

[0001] This application claims the benefit of priority under 35 U.S.C. §119(e) from copending, commonly owned U.S. provisional patent application serial number 60/390,204, entitled WEAPON DETECTION METHOD AND SYSTEM, filed June 20, 2002 and U.S. provisional patent application serial number 60/390,205, entitled ORTHOGONAL SECURITY SYSTEMS FOR PROTECTING HIGH RISK INFRASTRUCTURE, filed June 20, 2002.

[0002] This application claims the benefit of priority under 35 U.S.C. §120 from copending, commonly owned U.S. non-provisional patent application serial number 09/441,403, entitled SYSTEM AND METHOD FOR INSTALLING AN AUDITABLE SECURE NETWORK, filed November 16, 1999.

Statement of Government Interest

[0003] The U.S. Government has no interest in or to the present invention.

Field of the Invention

[0004] The inventive concepts relate to systems and methods for ensuring security of sensitive assets. More specifically, the present inventions relates to systems and methods that implement secure communications to ensure security of the sensitive assets.

Background

There has been a recognition that the United States is at risk of the delivery of weapons of mass destruction to its ports by enemies employing a strategy of hiding such a weapon in a shipping container. Various schemes have been proposed for x-raying containers or otherwise examining containers as they are loaded on ships in the foreign port. Such schemes,
